CLASSIC SKI POSTERS

1900 - 1950

A gift from SeniorsSkiing.com

SeniorsSkiing.com is pleased to send you this collection of classic European and American ski posters from the first half of the Twentieth Century.

For skiers of a certain age, these beautiful images form a touchstone in our collective memory.

They are part of The Beekley International Collection of Skiing Art & Literature, a treasure of ski-themed paintings, sculpture, posters, prints, magazine covers, and ski pins, and one of the world's largest ski book libraries. It was collected over 50+ years by the late Mason Beekley, a Connecticut entrepreneur and founder of the International Skiing History Association (ISHA).

We'd like thank ISHA for making these great images available. Information about membership in ISHA and subscriptions to Skiing History magazine are available on pages 23 and 24.

Skiing History is the world's most widely circulated magazine about the sport's past. It features once-popular equipment, historic resorts and bars, famous living skiers, and more.
